EXPERIENCE

Software Developer Intern

Sep 2022 – Oct 2022

InfyU labs

Remote

- Contributed to the development of the farmer warehouse backend system using Node.js, Express.js, MongoDB, Git, and GitHub
- Developed RESTful APIs to facilitate client-server communication
- Implemented the authentication and authorization system to control unauthorised access using JSON Web Token
- Implemented redux library to streamline data flow throughout the application
- Connected the farmer warehouse backend system with the Reactjs, enabling data exchange between our application

Software Developer Intern

Jan 2022 – April 2022

AimDrimz Technology

Remote

- Collaborate with team to design, develop college tech fest website using Reactjs, Git
- Develop responsive web applications, using HTML, CSS, and JavaScript, to deliver engaging and user-friendly interfaces
- Took part in the development of a React Native crypto Tracker application, implementing navigation using React Navigation and state management with Redux and intergration of coingecko API

PROJECTS

Library Management | *Nodejs, ExpressJs, Mongoose*

June 2023 – Present

- Implemented a comprehensive Library Management system leveraging Nodejs, MongoDB, and Expressjs, enabling user roles (Admin, User, Staff, Librarian), user account creation, borrowing restrictions, penalty systems, and automated fine calculations

Expense Tracker App | *React Native, Firebase*

June 2023 – Aug 2023

- Developed a cross-platform app for expense management integrated with Firebase, simplifying financial tracking and accuracy

Cryptohunter | *Reactjs*

June 2022 – July 2022

- Developed a web application using ReactJS that allows users to track real-time data for 50 cryptocurrencies, including their current prices, price changes within the last 24 hours, and market cap
- Integrated the coingecko API to retrieve and display up-to-date cryptocurrency information, demonstrating proficiency in API integration and front-end development within the ReactJS framework

EDUCATION

Fanshawe College

London, Ontario

Post Graduate- Mobile Application Development (co-op) (3.96/4.2 GPA)

Jan 2023 – April 2024

SVBIT

Gandhinager, Gujrat

Bachelor of engineering (Information Technology) (3.5/4.0 GPA)

June 2018 – April 2022

TECHNICAL SKILLS

Languages: Java, Kotlin, Swift, C/C++, Python , JavaScript, TypeScript, HTML/CSS, GraphQL

Frameworks: React, Node.js, React Native, REST API

Database: Firebase, MongoDB, MySQL

Developer Tools: Git, Github, Redux, Docker, VS Code, Visual Studio, Android Studio, XCode, Postman, Figma
